1	47	4.4.2 Traceability Identification	Traceability /Tracking in Distribution and usage can be ensured by a Device Management Software. Traceability can be ascertained , usage and status can be measured remotely, pilferdge can be checked if needed, Educational Contents and Information can be pushed and studensts can be trained. Laptop Tracking and usage data can be collected and represented at a School, District and State level. The incorporation of a device management software can immensely help in ensuring positive influence and learning outcomes.Such device management software should be bonded with the laptops at the H/W / BIOS Firmware level.Device management sofware will also assist the laptops distributed to sync/work with the ICT programs in the state of Tamil Nadu.	ELCOT reserves the right to provide the Software solution for the traceability and the Successful bidder has to pre-install the same in the BIOS of the laptop computer and to provide necessary support.
2	60	Payment Terms, 5.3	Request your authority to clarify whether the payment will cleared as per submitted acceptance of the laptops or be a lot as whole.	In batches as per P.O., or District wise supplies.
