

Tender No.ELCOT/NW/OT/32913/TN prison Telephone/ 2017-18

Corrigendum No. – 2

S.No	Clause No.	Existing	Amendments requested from prospective bidders	Corrigendum / Amendments / Addendum to the Existing – To be read as	Justification / Remarks
1	Corrigendum to tender document Price bid Table 1 part 1 -Sl No 22	WorkStation (to function as Local Server and push / pull data to the main servers)	WorkStation with OS (to function as Local Server and push / pull data to the main servers)	WorkStation with OS (to function as Local Server and push / pull data to the main servers)	
2	Corrigendum to tender document Price bid Table 1(Part 2). 27	Telephone Booths with Biometric enabled secured feature phone with display and IP camera to monitor from Vandalism. The booth should have required lighting, fan and ventilation	Telephone Booths for Biometric enabled secured feature phone with display and IP camera to monitor from Vandalism. The booth should have required lighting, fan and ventilation	Telephone Booths for Biometric enabled secured feature phone with display and IP camera to monitor from Vandalism. The booth should have required lighting, fan and ventilation	
3	Corrigendum to tender document Price bid Table 1(Part 2). 42	Wiring from EB DB to UPS with Earth leakage tripper and on-Off control	Request to remove - Earth leakage tripper and on-Off control	Wiring from EB DB to UPS per Meter Earth leakage tripper and on-Off control 1 No	

4	Corrigendum to tender document Price bid Table 1 SI No 9, 9(a), 10,11,12, 16,17, 18, 27,31,41, 47	Lumsum	1 set	9, 9(a), 10,11,12,31- No change 16,17,18,27,47 - 1 No	
5	Price bid Table 1		Request to add - Supply of Telephone cables from control room to booth - Per Meter	Supply of Telephone cables from control room to booth - Per Meter	New item added in the price bid
5	Annexure -2	Price Bid		<u>New price Bid provided</u>	The price bid as per Annexure – 2 (new Price Bid given)

4	Storage Box with Application Compatible OS	1 No								
5	San Switch	1 No								
6 (a)	10 KVA UPS with 2 hours backup (SMF) - unit cost	1 No								
6 (b)	SMF Battery cost (Provide AH and Qty)	1 set								
6 (c)	Interlink cable	1 set								
7 (a)	5 KVA UPS with 2 hours backup (SMF) - unit cost	1 No								
7 (b)	Battery cost (Provide AH and Qty)	1 set								
7 (c)	Interlink cable	1 set								
8	24 Port Ethernet Switch	1 No								
9	Reporting and Analysis software (RAS) for Centre Server (preferably to be platform independent and to be integrated (including upgradation and migration of the existing system) with the existing Application if any) and the client server (Work Stations) at prison locations with facility to handle Prisoners registration, data encryption	Lums um								

	/ decryption and FTP (store and forward). The Application should also have Call accounting and control feature. (Study, Design, Development, Test, UAT, Pre – Deployment Revision, Staging, Trial, Security Audit and Deployment in Production environment)									
9 (a)	RAS - Maintenance support with patch updates, version updates, product upgrade and renewal of license etc for the total stack. Comprehensive support with Bug fixing and CR-M (Change request for modification) for 100 hours in 3 years.	Lums um								
10	RAS – Additional effort requirement for CR-M - effort cost per hour (more than 100 hours)	Lums um								
11	RAS- CR-D (Change Request - New Development) - effort cost per hour	Lums um								
12	Backup Software with on-	Lums								

	site support for 3 years including on-site support from OEM wherever / whenever necessary. The support includes patch updates, version upgrade/update, product upgrade and renewal of licenses for comprehensive support	um								
13	Fixed IP Camera with Housing and Software	1 No								
14	4 port PSTN Logger Unit hardware with Terminal Block, Line control, Surge Protection Circuits and accessories	1 No								
15	8 port PSTN Logger Unit hardware with Terminal Block, Line control, Surge Protection Circuits and accessories	1 No								
16	Logger Software licenses for 4 port Logger unit with 3 years on-site support	1 No								
17	Logger Software licenses for 8 port Logger unit with	1 No								

	3 years on-site support									
18	GUI Application Software for Logger Unit	1 No								
19	Registered Devices - Biometric Device compliant to UIDAI guidelines and STQC certified for Level 0 / 1 authentication with OEM support to integrate with the Application. (Copy of the STQC Certification and other documents)	1 No								
20	8 port Switch	1 No								
21	42 U Rack (Server Rack)	1 No								
22	WorkStation with OS (to function as Local Server and push / pull data to the main servers)	1 No								
23	Windows Server 2012 Standard Edition with unlimited user CAL or equivalent (Please specify)	1 No								
24	MS SQL 2012 Standard Edition or equivalent such as Postage SQL (Please	1 No								

	specify)									
25	Antivirus Software solution with Support subscription for 3 years from the date of installation (Support includes on-site support, patch update, version upgrade and solution migration etc. Please specify)	1 No								
26	6U Network Rack	1 No								
27	Telephone Booths for Biometric enabled secured feature phone with display and IP camera to monitor from Vandalism. The booth should have required lighting, fan and ventilation	1 No								
28	Biometric enabled secured calling phone made of metal enclosure having finger print sensor, keypad, display and networked with local server (work station)	1 No								

29	8 MBPS (with Min 2 Mbps uplink speed) Broad band connectivity for three years (NMS report for BW provision and utilisation)	1 No								
30	16 MBPS Broad band connectivity for three years with Static IP (NMS report for BW provision and utilisation)	1 No								
31	Site preparation (for Earthing, Electrical input, related civil work) charges per location	Lumps um								
32	8 core CAT 6 UTP Cable	1 meter								
33	20mm PVC Conduit Pipe / Channel (Power, UTP, OFC)	1 meter								
34	Cable laying labour charges with fixing per meter (Power, UTP, OFC)	1m meter								

35	UTP Patch chord (1m)	1 No								
36	UTP Patch chord (3 m)	1 No								
37	I/O Box with Base plate	1 No								
38	Digging, Trenching and filling up the trench of 1 ft width and 3 ft depth (Soft Land)	1 meter								
39	Digging, Trenching and filling up the trench of 1 ft width and 3 ft depth (Tar Road)	1 meter								
40	Digging, Trenching and filling up the trench of 1 ft width and 3 ft depth (Concrete Road)	1 meter								
41	Survey, estimate preparation, diagram and documentation charges per location.	Lumps um								
42	Wiring from EB – DB to UPS	1meter								
42(a)	Earth leakage tripper and	1 set								

	on-Off control									
43	UPS output wiring to equipment (points) with all accessories – 5 KVA	1 meter								
44	UPS output wiring to equipment (points) with all accessories – 10 KVA	1 meter								
45	10 core OFC cable	1 meter								
46	OFC Media Converter (pair)	1 pair								
47	Splicing charges for OFC cable	1 No.								
48	OFC Patch chord (1 m)	1 No.								
49	Supply of Telephone cables from control room to booth	1 Meter								
Total										

Note: Please mark 0 or Not Applicable, wherever relevant. The Bidder should submit the offer by filling up all the columns against each item.

- a) Bidders are not allowed to quote for a few products from the above list. Partial quote is not allowed.
- b) Warranty: 36 months and Comprehensive Annual Maintenance Contract (CAMC): 36 months.
- c) These rates will be kept as Rate Contract valid for 2 years from the date of contract agreement for placing orders during the contract period, which can be extended on mutual agreement without upward revision in the rates.

Price – Bid – Table – 2 – Comprehensive Annual Maintenance Contract (CAMC) – 4th year

Maintenance of Telephone Facility in prison for the use of Prisoners with 3 years on-site support including OEM's support whenever necessary for all items including software which includes renewal of license, patch update, version upgrade, produce upgrade etc.

S.No	Description	Qty	Unit Rate (Rs.) inclusive of all duties, packing, forwarding, Insurance, and FOR Destination and On-Site support but without taxes.	GST in %	GST Amount (Rs.)	Total Amount with Tax (Rs.) (Unit rate + GST)
(a)	(b)	(c)	(d)	(e)	(f)	(g) =(d)+(f)
1	Application Server with Linux or Windows OS or Application compatible OS	1 No				
2	Data Base Server with Linux or Windows OS or Application compatible OS	1 No				
3	Back Up Server with Linux or Windows OS or Application compatible OS	1 No				
4	Storage Box with Application Compatible OS	1 No				
5	San Switch	1 No				

6	10 KVA UPS with 2 hours backup (SMF) - unit cost	1 No				
7	5 KVA UPS with 2 hours backup (SMF) - unit cost	1 No				
8	24 Port Ethernet Switch	1 No				
9	RAS - Maintenance support with patch updates, version updates, product upgrade and renewal of license etc for the total stack. Comprehensive support with Bug fixing and CR-M (Change request for modification)	1 No				
10	RAS – Additional effort requirement for CR-M - effort cost per hour	Per hour				
11	RAS- CR-D (Change Request - New Development) - effort cost per hour	Per hour				
12	Backup Software with on-site support including on-site support from OEM wherever / whenever necessary. The support includes patch updates, version upgrade/update, product upgrade and renewal of licenses for comprehensive support	1 No				
13	Fixed IP Camera with Housing and Software	1 No				
14	4 port PSTN Logger Unit hardware with Terminal Block, Line control,	1 No				

	Surge Protection Circuits and accessories					
15	8 port PSTN Logger Unit hardware with Terminal Block, Line control, Surge Protection Circuits and accessories	1 No
